

December 1, 2015

Dear PreVasive team,

On behalf of The Greater Atlanta Christian School, I would like to thank you for protecting our students, staff, and facilities with your PreVasive system.

GACS first reached out to you to try and control odors in the men's locker rooms. We were extremely pleased with the results and soon found out that PreVasive was also able to help protect the school and students from many viruses and bacteria. Since we started using the PreVasive system, we have been able to reduce and stop the spread of other pathogens like MRSA and Norovirus. This system has been a great addition to our daily cleaning routine.

We are excited about our partnership with PreVasive and we look forward to the future of fighting viruses and bacteria together.

Sincerely,

Jimmy Chupp
Campus Services & Athletics
